ALEX MORGAN

London, UK | alex.morgan@example.com | 07123 456789 | portfolio.example.com

PROFILE

Creative and motivated digital media graduate with an interest in web design, interactive experiences and visual communication. Enjoys developing ideas into practical projects, learning new tools and collaborating with others to solve creative problems.

KEY SKILLS

- HTML and basic website development
- UI/UX design and wireframing
- Digital content creation and image editing
- Communication, teamwork and problem-solving
- Project planning and time management

EDUCATION

BA (Hons) Digital Media — Example University, 2022–2025
Relevant topics: web development, interaction design, digital production and user experience.

PROJECT EXPERIENCE

Personal Portfolio Website
Created a multi-section portfolio website using HTML, with navigation links, project descriptions, images and contact information.

Interactive Digital Project
Worked through the design and development of a small digital experience, considering usability, presentation and the needs of its intended audience.

WORK EXPERIENCE

Digital Assistant — Example Creative Studio, 2024–2025
- Supported content preparation and day-to-day project tasks.
- Collaborated with colleagues to organise work and meet deadlines.
- Helped review digital materials for consistency and quality.

INTERESTS

Web design, game development, 3D art, digital storytelling and emerging creative technologies.

Sample CV for demonstration purposes. All names, contact details, qualifications and experience are fictional placeholders and should be replaced before real-world use.
